## PUBLIC NOTICE

### PARTICIPATING BERKSHIRE COMMUNITIES ANNOUNCE NEW SUPPLY CONTRACT

October 2015

Eleven Berkshire communities, including West Stockbridge, executed an energy aggregation contract with Hampshire Power for all consumers participating in the Town's Community Choice Power Supply program. 90% of the electricity will be directly produced from New England-based hydroelectric renewable sources, or backed by Renewable Energy Credits.

In addition to the pioneering environmental aspect of this contract, Berkshire ratepayers will save approximately 20% on their monthly electric bills as compared to basic service rates, a savings of approximately \$20 per month for the average household.

#### New Rates and Terms

Community Choice Power Supply Program (Supply Services Only)	
<b>Rate</b>	10.4¢ per kWh
Residential	10.4¢ per kWh
Commercial/Streetlight	10.4¢ per kWh
Industrial	
<b>Duration</b>	<b>November 2015 – October 2016</b> <i>[Rate may be adjusted quarterly to reflect actual costs not to exceed ½¢ per kWh.]</i>
<b>Exit Terms</b>	<b>NO PENALTY</b>

Participating consumers will start benefiting from the lower rate beginning on the day of the month in November 2015 that their meter is read. This date varies by service area. The meter reading date is shown on the consumer's bill.
